

SAN BERNARDINO COUNTY SHERIFF'S DEPARTMENT
CHINO HILLS STATION

The Carbon Canyon area of Chino Hills is a rural environment, and is an area of concern in the event of a major fire, or other natural disaster. A proactive approach to prevention is being implemented by multiple local safety agencies in an attempt to reduce the level of fire risk and loss of life in the event of a major natural disaster. As part of this attempt, the San Bernardino County Sheriffs Department would like to obtain and maintain an updated profile of residents in the Carbon Canyon area who might need assistance in the event of an evacuation. In the event of an evacuation, numerous activities will be triggered simultaneously. Your local law enforcement and fire agency will better be able to serve you if we know in advance, the location and additional information pertaining to residents with special medical, and/or transportation needs. In addition, we would like to know of any minors that may be left home alone, or large animals that would need outside transportation to be relocated to safety. Your cooperation in filling out the attached questionnaire is requested. The following information is voluntary, and will be used only as a tool to ensure the safest and most effective implementation of an evacuation out of the area.

**Please return the completed form to the Chino Hills Sheriff's Station:
14077 Peyton Dr. Chino Hills, CA. 91709**
